Maximum **TERABYTES**

Maximum **PERFORMANCE**

Duo-FireWire *Faster and more Features*

Duo-eSATA *Maximum SATA Speed, x2.*

Want something easy to hook-up and start using? The Dulce Duo-FireWire brings it! In just a few minutes, it is good to go. Uncomplicated is a beautiful thing!

The Duo-FireWire is fully loaded with all the RAID features: RAID 0 striping for speed; RAID 1 mirroring for redundancy; Span for simplicity and JBOD for flexibility.

Equipped with two 3Gb/s rated hard drives and the fastest FireWire 800 interface, it can easily keep up with the most demanding video projects. With 80MB/s data rate, Duo-FireWire is fully capable of multiple video and audio tracks playing back in realtime, support all the popular video resolutions including Apple's ProRes 422, DVCPRO HD and others. The Duo-FireWire interface is also compatible with USB 2.0, FireWire 400, and USB 1.0, 1.1.

Both offer....

- **Capacity up to 2TB. Starting at 500GB.**
- **Two 3Gb High Performance SATA disk drives.**
- **Mac and Windows Compatible.**
- **Final Cut Studio, Premiere and other popular editor certified.**
- **Multiple realtime streams.**
- **Quiet and effective cooling fan.**
- **Lock slot for theft protection.**
- **36 months warranty, industry's longest.**

Make your video creation in no time! The Duo-eSATA offers maximum SATA speed in a high capacity, reliable package.

The Duo-eSATA houses two of the latest SATA disk drives. Each is rated for a speedy 3Gb/s transfer rate, that translates to 140MB/s data rate through the two eSATA ports which means your workflow will increase like never before.

If your workflow requires more realtime playback and higher data rates than FireWire 800 can provide, the Duo-eSATA is your solution. Need more multiple playback layers of ProRes 422, DVCPRO HD, HDV or DV? The Duo-eSATA is the right choice.
